88800 Walnut Grove Dr.
Langley, BC
(604) 882-0408

Make a slip n' slide

Get an old tarp, get it wet and have fun.
Try some soap for extra slip!

Run through the sprinkler

Set up a sprinkler and enjoy cooling down on a hot, sunny day, the grass will thank you too!

BEAT THE HEAT

Splish Splash in a kiddie pool

Fill up a little kid pool and beat the heat.
For extra fun, put in a lawn chair
and lounge inside the pool.

Go to the beach...with a twist

Jump into the ocean on a hot day...
With your clothes on! Make sure to
pack extra clothes to change into afterwards

Build a sand castle as the tide comes in

Go to the beach and make a sandcastle.
Then watch the water crumble it away.

Water Balloons

Pick up a big bag of balloons at a Dollar Store.
Fill them up with water.
Be creative and have fun!

BEAT THE HEAT

Bury your Big in the sand

Head to the beach, bring shovels and buckets.
Once your Big has been buried, he/she can try to break free.
Jump into the ocean to get rid of all the sand.

Give your dog/pet bath outside

Get a hose, a bucket and some pet friendly soap.
Your pet will get clean and you will beat the heat too!

Have a stone skipping contest

Head to a lake, find some smooth stones
And see how many times they can skip.
If that is too tricky, just throw stones into water.

Have a water fight

Be prepared to get wet! Cheap water guns
are everywhere, try a dollar store or Walmart.
Or use buckets or other containers around the house.

BEAT THE HEAT

Water Gun Shooting Gallery

Make targets outside and see how many things you can hit with your water gun.

Wash the car

Not only are you getting a car clean, you can cool yourself off too, and get some exercise while you are at it!

Target Squirting

Set plastic cups on the top of a fence, deck railing, or balanced on a brave volunteer's head. Try to squirt them off with a water gun or plastic water bottle. Create points by writing on the cups or just see who is the fastest!
