To Whom it may Concern:

I am a grandmother of a very special child  
One who has been thru so much heartache  
and pain. As a result his health was being  
affected a great deal.

This child was sad and lonely and  
only had an ill grandmother to care for him.  
Last year this child's school asked to enroll  
him into the big bro. organization. I agreed  
Well to our surprise. A big sister was  
introduced. At first I wondered why a sister  
not a brother. (No brothers). Well it wasn't  
more than a couple of visits & a connection  
was made. I saw a light & joy return to  
my grandchild. By June we were asked if  
this friendship could change. Instead of school  
friends to outside status. Again I agreed.  
Now my grandchild has a whole family  
to love & enjoy. And his health has improved.  
He has trust again And so much more  
self-esteem. This is the best thing  
He has in his life that healed his inner  
Besides God and an old lady. Thank  
You Big Brothers.

I hope now that more grandparents have children  
to raise. Their job to be more volunteers &  
financial to support this wonderful organization  
Signed P.T. a grateful Grandma
